ELEVENTH YEAR.

EARLINGTON, HOPKINS COUNTY, KENTUCKY, THURSDAY, JUNE 14, 1900.

NO. 23

## YERKES AND VICTORY.

Kentuckians of the Anti-Goebel Type Are Enthusiastic.

### OF ONE MIND ABOUT THE RESULT.

John W. Yerkes Now the Most Popular Man in Kentucky.

There is no doubt that the announcement of John W. Yerkes for Governor has met the widest and most hearty approval throughout Kentucky. Republicans and independent Democrats, in truth the anti-Goebelism members of all political parties, are rejoiced and enthusiastic at the announcement of this big, brainy, clean, strong man who is to stand in the lead of the great army of civil liberty through the campaign of 1900. Nothing but expressions of approval and endorsement have been heard or quoted. There will be no opposition, and when the great nominating convention is held to choose the standard bearer for honest elections and civil liberty, John W. Yerkes will be chosen by acclamation with unanimity of feeling that is already making the Goebel forces of force and fraud to quake.

The Louisville Commercial interviewed some leading citizens of Louisville as to Mr. Yerkes' candidacy. These expressions are typical of the feeling here throughout Kentucky. Some of these follow:

Hon. John Marshall, who was elected Lieutenant-governor on the Republican ticket last fall, but whose office was taken from him, is perhaps better acquainted with Mr. Yerkes than any other person in Louisville. He knew him when as young men they were both students at Centre college at Danville. Mr. Yerkes was the master of ceremonies when Mr. Marshall was initiated into the college secret society, and the acquaintance made so soon ripened into friendship. In speaking of his friend yesterday, Mr. Marshall said:

"I have known Mr. Yerkes for a great number of years and he is a fine fellow. Personally he is very attractive, a rough gentleman and a fine conversationalist."

"He is uniquely one of the best lawyers in the State and is thoroughly equipped to fill the governorship with honor to himself and credit to his party. He is undoubtedly the strongest candidate that could have been put out by the Republicans."

Hon. Arthur Wallace, Secretary of the Brown Democratic committee: "I have known Hon. John W. Yerkes for fifteen years. He is a good man in the best sense of the word, a lawyer of first-class ability, and I think, the best Republican party has for Governor."

Hon. W. C. Owens, former Congressman in the Ashland district: "I think he'll be a splendid man to nominate. His majority will be too big for the returning board or the legislature to steal."

Hon. J. T. Neal of the Brown Democratic committee: "He is a clean man who commands the confidence of everybody and who is recognized everywhere as a thorough gentleman."

Attorney R. E. Woods: "I think no man in Kentucky could make a better man than Yerkes. I am a great friend and admirer. He is a man to call out the enthusiasm and support of all classes of citizens. He is a typical Kentuckian and an able man. I think he will win with ease."

Attorney Albert S. White, colored: "You can just say that the colored voters will be in line for Yerkes. They recognize him as do all other Republicans, the most available and logical man for the nomination. They are especially for him as they realize we need a true and honest candidate to represent the issues of the local campaign and not only keep in line the anti-Goebel element, but also win new converts."

Attorney George Washington Smith: "Yes, I think Mr. Yerkes will make a strong candidate. He is a lawyer of reputation and a man of courage and principles and on account of his legal understanding, he will make a thoughtful and conservative gov-

ernor. I believe his majority will be in the neighborhood of 20,000. I think the people will alone give 15,000 majority. These are conservative estimates."

Attorney R. C. Kinkead: "I think Mr. Yerkes is one of the most representative men in the State of Kentucky and I believe he will get practically every Republican and anti-Goebel vote in the State. He ought to be elected by 20,000 majority. He'll run very little behind McKinley in Louisville, and I think the majority in this county will be 10,000 to 12,000."

Attorney D. Lee Paynter, Democrat and secretary of the Weaver Bandana club: "He's much too strong a man for the Republicans to nominate to suit me."

W. A. Evans: "He is the most popular candidate the Republican can nominate."

A. K. Russell, a converted Democrat: "He's a grand man. I think he's the most popular man in the State."

Col. Andrew Cowan: "I was very much pleased—the fact, rejoiced—by the news of Mr. Yerkes' candidacy. Everybody on Main street with whom I talked, Republican and Brown Democrat alike, was equally pleased."

#### Kentucky Crops.

The condition of wheat has declined from 100 on May 1st to 89 June 1st. The decline is due mainly to ravages of Hessian fly, although some damage is attributed to the dry weather prevailing during May. Some complaint is made of short heading, and where growth was rank it is badly lodged and tangled.

It is estimated that 17 per cent. of the acreage has been injured by Hessian fly.

#### CORN.

The condition of corn crop averages 93 per cent. in June. Much of it is uneven on account of damage from cut worms, but the cultivation is good, and the late planting is coming forward nicely.

The acreage is large, the estimate being 103 as compared with acreage of last year.

#### OATS.

The condition of oat crop June 1st was 91 compared with average years. The dry weather has prevented much growth, but the copious rains at close of month may be expected to remedy this.

#### TOBACCO.

The weather has favored the proposed large acreage of tobacco. Seventy-three per cent. of crop was set prior to June 1st, which is much more than the normal amount. The plants, though small, are starting nicely and prospect is very bright at the inception of the season.

J. W. THROCKMORTON,  
Commissioner of Agriculture, June 1, 1900.

#### Motion to Advance Cases.

Frankfort, Ky., June 12.—In the Court of Appeals this morning Judge Pryor, representing Attorney General Breckinridge, who is detained in Danville by illness in his family, filed notice that he would move to set aside the order of the court, continuing the minor State office cases until September, and also move to discharge the supersedes and to advance for hearing at once.

Affidavits of State Inspector Hines and others, showing the State's interests were suffering by delay in deciding the cases, were filed. The court directed the motions to be filed and submitted. No one was present for the Republicans to object to the motions.

#### Mr. Littlefield Dead.

Mrs. Wesley Littlefield died at her home in Mortons Gap last Saturday of consumption. She had been a sufferer for a long time and her death was a sad loss to the community. Mr. Littlefield was a member of the Methodist church and was a consistent Christian. The remains were taken to Hopkinsville for burial Sunday.

## GOV. TAYLOR'S STATEMENT.

Reasons Why He Declines to be Candidate for Republican Nomination.

Louisville, Ky., June 8.—W. S. Taylor sent to the Evening Post from Indianapolis the following statement, in which he declines to be a candidate for the Republican nomination for Governor:

To the Republicans of Kentucky: At one time I thought, and so announced, that if the Republicans delivered a dissenting opinion, in which Judges Guffey and White concurred.

But after mature consideration of all interest involved in the contest for civil liberty, and of my duty to myself and my family for whom I must provide, I feel that I should ask at your hands relief from the exception which a nomination would impose.

For ten long months I have held as best I could the burdens which have attended this great struggle. How much I have endured for freedom's sake few will ever know. In spite of all this, the will of the people has been overthrown and I have not only been robbed, but sub-

## STEAM COAL RATE UPHELD.

Court of Appeals Decides Railroads Can Make Concessions.

Frankfort, Ky., June 7.—The L. & N. railroad won an important case in the Court of Appeals today by one vote. The cases are from Marion county, involving the legality of an indictment for unjust discrimination in freight rates. Judge Paynter delivered a dissenting opinion, in which Judges Guffey and White concurred.

The majority of the court holds that where the railroad company ships wheat to a mill and flour from the mill, it is not a discrimination to charge the mill-owner a less rate to haul his fuel than other people in the same town, and that it is not a violation of the constitutional section which prohibits discrimination.

The dissenting opinion, in effect, holds that it is not discrimination to ship fuel for a less rate under the circumstances in this case, then the constitutional section is invalid for the purposes it was intended.

## NATURE STUDY.

Republican Elephant: "It's funny how much quieter our friend the donk is nowadays. But then, you know, he can never raise his voice till he has raised his tail!"—Minneapolis Journal.

jected to a merciless political persecution.

#### BALLOT MUST BE REMEMBERED.

The coming campaign is one of profound importance to Kentucky. The ballot must be redeemed. The victory won last fall must again be won and the theft perpetrated by the Gen. Assembly fittingly condemned.

Our only possible redress must come through an appeal to the people. The campaign must be an active, aggressive one. No point should be neglected. Every friend of the sacred cause of human rights should be enlisted.

To the end that the people should be successfully made, you should select for your candidates one who may devote all his time and energies to the prosecution of the canvass. In the light of these considerations, it is, therefore, manifest that some other than myself should be your standard bearer.

When I can no longer be your leader in the great battle, yet I shall gladly render whatever assistance may be within my power, for I love liberty more the less because of what I have suffered for her sake.

## HARPER'S WEEKLY ON TAYLOR.

Mr. W. S. Taylor, lately Governor of Kentucky, is reported to be much broken in health as the result of his experiences since his election.

He seems fairly entitled to a large measure of public sympathy. Beyond question he was elected Governor of Kentucky. He assumed the office and held it until the courts decided that under the iniquitous Goebel law the Democratic legislature had lawfully conferred his office upon his rival. Then, submitting to the court's decree, he abdicated, and left the State to avoid arrest and trial for usurpation, the murder of Goebel, or any other charge his Democratic opponents might find it expedient to bring against him.

He has said that he dared not take the chance of getting justice from the Kentucky courts, and returned to the State to avoid arrest and trial for usurpation, the murder of Goebel, or any other charge his Democratic opponents might find it expedient to bring against him.

Meanwhile, he is an exile from his home, broken in health, impoverished and distressed, a victim of political rascality with which he could not contend except by stirring up civil war. He has done well to accept the decision of the courts and retire, but in due time and somehow Republican government in Kentucky must be restored, and the will of the people must rule again.

## COMMITTEES AT WORK.

Masonic Picnic Now in Hands of Committees For Various Departments.

### ENCOURAGING REPORTS OF ATTENDANCE.

There Will Be a Mammoth Parade of Masons at Nine O'Clock.

Reports are being received from all sides of the most encouraging character as to attendance at the big Masonic picnic and barbecue to given at Lakeside Park, Earlington, Saturday, June 23.

Special invitations have been sent out to every lodge in Hopkins and adjoining counties and every Mason in Hopkins county and quite a number outside of the county have been given an individual and personal invitation. The people say they are coming—a multitude—and the picnic management and the people of Earlington are arranging to entertain the big crowd that now seems certain. It looks as if only bad weather could prevent their coming, and all believe the rains will cease before that date.

The speaking will all be in the morning, beginning upon the arrival of the procession. Mr. James R. Rash will deliver the welcome address and will introduce the speakers. All speeches will be short and spicy and no tiresome length of time will be so devoted. The Committee on speaking is doing its best to get an attractive list and the names will soon be announced.

Masonic headquarters will be established on the grounds, and will be in personal charge of Jesse Phillips, Master of E. W. Turner Lodge. The register for visiting Masons will be here, and the handsome silver set of officers' jewels that has been offered to the lodge having the largest attendance, mileage considered, as set out in the invitations to each lodge. Provision will also be made to check parcels of headquarters, and every possible arrangement made for their comfort.

The people of Earlington are giving liberal assistance to the committee on supplies. All recognize the public spirit of the enterprise and endorse the movement to increase the fund for building the new Masonic Temple and Opera House which it is proposed to erect here this year.

## CENTRAL COMMITTEE MEETS SATURDAY.

Louisville, Ky., June 12.—The following call for a meeting of the Republican State Central Committee:

"Headquarters of the Republican State Central Committee:—Louisville, Ky., June 12, 1900.—A meeting of the State Central Committee is hereby called to meet in the Young Men's McKinley Club Rooms, Louisville, Ky., Saturday, June 16, 1900, at 2 p.m., for the purpose of fixing the time and place of holding the State convention to nominate a candidate for Governor.

By order of the Chairman.

R. K. GUTHRIE, Secretary." It is understood that the meeting on June 16 will result in a call for a State convention to be held in Louisville, July 17, at which time and place a candidate will be named for Governor. At this time it appears that the Hon. John W. Yerkes, of Danville, will be named without opposition.

## UNION LABOR

Will Not be Employed Again By the Sebree Coal Company.

The Sebree Coal Company, of Sebree, Ky., has issued its final ultimatum in reference to Union labor, through the unreasonableness of which that company has been idle for months.

The Union men have been making threats there as, elsewhere, in this coal field, and the Sebree company does not believe its miners will never be run by union labor." The card is full as follows:

To the business men and citizens of Sebree and vicinity:

Since the Union men are loitering on the road between town and the coal mines making threats and trying to intimidate all who offer to work, we have this to say, our pay roll was from two to three thousand dollars per month, besides the other trade brought to town in consequence. Now if you appreciate this as worth your consideration, we ask and expect you to do the same in this time, as the mines will never be run settled, once for all.

SEBREE COAL CO.,  
J.-A. POWELL, J. B. RAMSEY,  
H. C. BAILEY, S. F. POWELL.

## Plant Burned By Firebugs.

Paducah, Ky., June 9.—The stave and heading factory of T. C. Seaman was burned early this morning. Incendiary had charged the watchman with destroying two men were seen leaving the place at whom he shot twice. The plant was valued at \$25,000, with insurance for \$14,500.

Seventy-five employees lost work. It is the second time the factory burned since it was established a few years ago.

Jerry Nunley, of Nebo, was in our town Tuesday.

## The Temple of Victory.

On the brow of the Acropolis in Athens, guarding the approach to the famous Parthenon, stands the Erechtheum, a little temple, built on the solid rock. It commands a wide prospect—the sweep of the Attic mountains and the stretch of sea at Salamis. The Athenian of old felt within him a spirit of pride as he gazed upon the heights and surveyed the present. The little temple was named the Temple of the Wingless Victory. It proudly proclaimed that victory should never taste its cold, iron hand in the city below. A touch of this indomitable spirit and unconquerable hope is needed in our Christian life and work today. We are too faint hearted. We are too easily swayed by the world. Every Christian heart should have in it the temple of the Wingless Victory and should look upon the rugged mountains and the long stretch of sea with determination to conquer—Baptist Union.

## Only a Little While.

There is a little while of probation before us; an inch of time to choose between an eternity of glory or the endless woes of hell! And, as a convert exclaimed in a prayer meeting, "It was only a moment ago that I said, 'I will be earnest.' May God help us all to be earnest—for only a little while—and then comes the unfading crown!—Theodore L. Cuyler in Christian Work.

## The Best Use of Life.

I expect to pass through this life but once. If, therefore, there is any kindness I can show or any good I can do to my fellow being, let me do it now. Let me not defer or neglect it, for I shall not pass this way again—American Hebrew.

## In Merciless Way.

The church should disownance all methods for raising money which tend to cheapen religion. She cannot afford to have converts bring her financial operations. She must be both honest and reverent in republishing the Lord's treasury. Due regard must be had for the properties of life on the one hand, and for the soul and His house on the other. Nothing must be done to lower either Him or His cause in the eyes of others, even if thereby more money comes into the bag. Christian principles and all the efforts of the church and church schemes of the day. No amount of good ends can justify the use of questionable means for their attainment. The Lord wants His depleted exchequer filled only in legitimate, honorable and becoming ways.—The Presbyter.

## The Truth in the Bible.

If our Sunday schools are turned into Bible schools, where the very words of Holy Writ are studied and helps and methods less dependent on those who teach them and who sit in judgment on them, then we may be assured that illumination which ever comes from the entrance of the truth of God. If the whole Church of Christ were to present a unified front of such a character, instead of each having and declining with in the body that professes to love, an impression might and would be made upon the world. Even were it impossible to induce the visitors in the cities in taking such a stand, those who do so stand at least be faithful witnesses for the truth and the result could not be foretold.—Episcopal Recorder.

## GRAY

Why let all your neighbors and friends think you must be twenty years older than you are? Yet it's impossible to look young with the color of 70 years in the hair. It's sad to see young persons look prematurely old in this way. Sad because it's all unnecessary; for gray hair may always be restored to its natural color by using Ayer's Hair Vigor.

For over half a century this has been the standard hair preparation. It is an elegant dressing; stops falling of the hair; makes the hair grow; and cleanses the scalp from dandruff.

### \$1.00 a bottle. All druggists.

"I have been using Ayer's Hair Vigor for over 20 years and I can assure you it is the best hair tonic in existence." —J. A. ADAMS, Editor, April 24, 1880.

## BLOODSHED IN ST. LOUIS.

Sabbath Day Scrimmages, in the Course of Which Four Lives Were Let Out.

## THE SHERIFF'S POSSE WAS KEPT BUSY.

The Most Serious Affair Occurred in the Vicinity of the Peace Barracks, on Washington Avenue. Other Happenings of a Most Extraordinary Nature.

St. Louis, June 12.—One of the most deplorable occurrences growing out of the recent disturbances in St. Louis, a sheriff's employee took place Sunday evening, almost directly in front of the sheriff's posse barracks on Washington avenue, between Broadway and Sixth street, and as a result three men are dead and two others are nursing wounds inflicted by the deputies not guns in the hands of deputies, none of whom were wounded.

A party of about 50 members of the Street Railway Employees' union had spent a portion of the day at a picnic near the bridge, and when they crossed the Eads bridge on their way back to their rendezvous at Walhalla hall, Tenth street and Franklin avenue. They were headed by a drum corps, which, by mistake, had crossed the bridge, instead of turning north at Broadway, to reach Franklin avenue, a mistake that should have been immediately rectified by the police.

The sheriff's posse, consisting of Sheriff Sixth street who, with some with more seal than discernment, threw a piece of brick through a passing Marmon car. The act was so it is alleged, seen by one of the sheriff's posse, who, without a word of rebuke or sarcasm, and he immediately ran out to arrest the thrower. From this point on accounts differ radically. One thing is certain, however, that within the space of two hours this minister of justice, in his official capacity, had several reports of gun shots, and three men fell mortally wounded, and several others received wounds, more or less serious—how many is not certain, as several were escorting away by the police. In addition to a number of the marching men were rounded up and made prisoners. The following are the known casualties:

**The Dead.**  
George Rymer.  
Edward Thomas.  
Edward Burkhardt.  
**The Wounded.**  
Oscar Marvin, arm and hand shattered.  
Albert T. Babcock, shot in thigh.  
Unknown man, shot in thigh and abdomen.  
Joseph Kuhl, skull fractured.  
August Smith.  
Charles Lewis.  
F. J. Goss conductor.  
Daniel Wostenberger.  
Sperers Werle, East St. Louis.  
Adjutant Webster, of the posse staff, in his report of the affair, says that "several shots were fired on both sides." Be that as it may, it is well to add that all the shots were fired on one side.

### Other Occurrences.

Fred Bohne, 65 years of age, was shot and instantly killed by Posseman Robert E. Marsh, while Bohne, who had been a member of the posse, was engaged in a disturbance at Tenth and Madison streets, was in the act of fastening the gate of his residence, whence he had retired with his son-in-law, Louis Kuhl, and a son-in-law, killed by a spent bullet, from the same gate.

The tracks along North Broadway were rendered impassable by obstructions of various kinds, and during the day a riot call was turned out and several hundred men assembled. Two rows received ugly club wounds. Jacob Cooley, aged 60, having his skull fractured by a blow from the butt of a gun in the hands of one of the police.

In various parts of the city cars were run over explosives, which, however, did no further damage than to jar the nerves of the foreign motormen and conductors and their police escorts.

Albert Haikos, a posse sergeant, was shot and severely wounded at Eleventh and Sulphurine streets by a bullet from a noiseless gun.

Members of Lieut. Hall's squad of the posse comitatus in the city shot at South Compton avenue, opened fire Saturday night, killing several men who were in a park, and a woman who had been hurling vile epithets at them. One of the horses was killed, and the men jumped out and escaped.

During a small-sized riot at Twelfth and Franklin, a few hundred feet from the posse station, the posse comitatus in a park, and a woman who had been hurling vile epithets at them. One of the horses was killed, and the men jumped out and escaped.

Seven deputies belonging to Company No. 20, stationed at the North Broad power house, were locked up in the Fifth district station Sunday for refusing to obey orders of their superiors.

Deputations from the Ku Kluxers—New York, June 9.—Deputations from the Ku Kluxers, Kennebec, on the eve of cutting from the Brooklyn, navy yard, have been quite numerous. The men complain of poor food and petty tyranny, but say that Capt. Folger isn't to blame, the trouble being with his subordinates.

**Deputations from Dr. J. M. Anthony.**  
For Soc'y. Estab., June 9.—Dr. J. M. Anthony, brother of Susan B. Anthony, and Col. B. R. Anthony, editor of the Lewesworth Times, dropped dead of heart disease here Thursday night. He had for 30 years been a prominent business man in Fort Scott.

## A DANGEROUS PLAYTHING.

The Loaded Cannon Blamed by the War Department Found at Kansas City.

Kansas City, Mo., June 11.—It has been discovered that the Spanish cannon loaned to Kansas City several months ago by the government to be placed in one of the parks of the city, had been loaded with gunpowder. The war department has been searching for the cannon for some time, and has sent letters to different cities warning recipients of cannons sent them from Washington to look out for a loaded gun. The gun was found to be loaded with gunpowder. An investigation was started, and it was found that the cannon received by Kansas City had been loaded to the brim with powder and projectiles ever since it left Manila. The cannon had not yet been placed in position.

## THE CHINESE PUZZLE.

The Authorities at Washington Incited to Take an Optimistic View. On the Outside.

Washington, June 12.—The Chinese crisis continues to be an absorbing topic at the foreign embassies and legations in Washington, but the prevailing sentiment is that it will be confined to mob outbreaks, and will not eventually end in a territorial dismemberment involving the use of the powers. It is predicted that up to the time of the next powers have stated most positively that their sole purpose was to restore order and protect their citizens and property, and while there has been some suspicion of an ulterior movement on the part of some of them, this has not taken form.

## THE DEED OF DESPERADOS.

The Ashener-Black Brewing Co. Held Up and Robbed, but the Robbers Were Captured.

St. Paul, Minn., June 12.—In broad daylight yesterday morning, a gang of robbers, led by the chief of the office of the Ashener-Black Brewing Co., held up and robbed the office quiet with leveled revolvers and rifle. They attempted to escape, but were followed by a number of brewery employees and after a desperate fight with policemen both were captured.

## TO MAKE TISSUE PAPER.

Fourteen Carloads of Tissue Paper Made by Machinery Shipped From Beloit, Wis., to Shanghai.

Beloit, Wis., June 13.—Fourteen carloads of tissue paper, made by machinery, were shipped to a hotel yesterday for shipment to Shanghai, China. This marks the first American, and is probably the only paper making machinery ever sent to China. There have been paper making machine shipments made from this city to Japan.

## KENTUCKY-INDIANA LINE.

Kentucky Claims Exclusive Jurisdiction of the Ohio to the Indiana Low Water Line.

Frankfort, Ky., June 13.—The Kentucky-Indiana boundary line dispute was argued in the court of appeals yesterday. Robert E. ## THE CHINESE SITUATION.

It Formed the Principal Topic of Discussion at Tuesday's Cabinet Meeting.

## MINISTER CONGER'S DISPATCHES READ.

The Steps Taken to Reinforce Admiral Kempff are Overruled to Protect American Interests, Independence, as Far as Possible.

Washington, June 13.—The cabinet met yesterday afternoon, Gen. George H.失落, Long and Gage and Postmaster-General Smith. It was devoted largely to a discussion of the Chinese situation. Secretary Hay laid before the cabinet dispatches from Macau, which, by mistake, had been sent to the cabinet instead of the Chinese embassy. The situation is very critical. Secretary Long had no late dispatches. The steps that have been taken to reinforce Admiral Kempff were gone over, and it was decided to stand by the policy which has been adopted in the past, that is, to protect the lives and property of American citizens, and of acting independently as far as possible.

## MAY HAVE TO ACT IN UNION.

The cabinet met again in the afternoon of this date, the powers of the forces of the United States to act in union for the protection of all foreign residents in the disturbed districts, but this is to be the extent of the American action. It is a question of whether the Central Powers that caused the trouble in China, and the American government, will be compelled to take action to protect the lives and property of our own citizens. The Chinese government will be looked to, under the general laws of the country of nations, to restore order and to make such reparations as is necessary to the safety of our citizens.

The navy department has called directly to Gen. Adm. Kempff at Taku, to inform him that marine reinforcements have been ordered to him from Manila. Thus the admiral will be in a position to act with greater freedom in the event of his sending an expedition to Peking and elsewhere, knowing that he will soon be able to replace the marines diverted from Taku.

## MARTIN WANTS A CRUISER.

Our Consul at Chin Kiang Apprehended by Chinese.

Washington, June 13.—The following news was received at the state department:

"Chin Kiang, June 12.—Secretary of State: Large numbers of natives organized in a secret society have halted here. People are apprehensive. No protection. Wait for instructions."

Martin, who signed the above dispatch, is the United States consul at Chin Kiang.

Mr. Martin is the United States consul at Chin Kiang and his telegram is the first news received have to indicate the spread of the Boxer agitation in that section of China. Chin Kiang is one of the most important treaty ports in China. It is also a port of entry for the Yang Tsie Kiang, a river over 1,000 miles long, which empties into the Yang Tsie River, which is where Wu Sung enters, and is about 135 miles from Shanghai. At the latter port the United States gunboats Yorktown and Castine are now lying, undergoing some repairs.

## TWO IMPORTANT CAPTURES.

Gen. MacArthur Reports the Capture of the Filipino Generals Hilario and Cavesay.

Washington, June 13.—Gen. MacArthur, at Manila, cubed the war department as follows:

"Report captures Generals Hilario and Cavesay, in Cavite, Alabang, both important, latter very important leader of guerrillas in Pangasinan province (Luzon)."

## "MARTIN."

Gen. Conner attaches considerable importance to these captures. In his opinion they mark nearly an end to the insurrection and indicate that the principal leaders of the insurrection are abandoning the cause. And are coming into Manila to accept American supremacy.

## CATARRH OF THE STOMACH.

Rabbi David Klein, 220 Main Street, Earlington, writes the following to Mr. Hartman in regard to Pe-ru-na: "It affords me great pleasure to tell you of the curative merits of your medicine. Pe-ru-na is a well-tried and widely used remedy. Especially as a specific for catarrh of the stomach it cannot be excelled. Pe-ru-na will do all that is claimed for it."

I visited the Mullaphy hospital at St. Louis and received no better treatment. The attending physician told me I had narrowing of the oesophagus, and the only remedy was to have it cut out, which I refused to have done. I then visited West Baden, Ind.; Las Vegas, Nev.; and Mineral Wells, Tex.; and Spring Hill, Mo., and Mountain, Col. I also took a great many different kinds of medicine recommended for dyspepsia, but found no relief. Last February I read an article in the "American Central Spy" that claimed in case of catarrh of the stomach, Pe-ru-na and four of Man-ili, and I feel like a new man. None of my friends believe I could get along without it. We are now well for the good you remedies have done me."

In catarrh of the stomach, as well as in catarrh of any other part of the body, Pe-ru-na is the remedy. As it has been recommended by Pe-ru-na will cure of one part without bringing on catarrh of any other part of the body. "Summer Catarrh" sent free by Pe-ru-na Drug Mfg's Co., Columbus, O.

THURSDAY, JUNE 14, 1900.

HAVING won the governorship with loaded dice the do-facts, pro tempore Governor's rewarding fat places the fellows who "fixed" the dice. But there is a day of reckoning.

The figures made by the people of Kentucky last November and certified to by the Democratic Board are more potent than the once charmed numbers of the Chicago platform wheel of fortune—16 to 1.

KENTUCKY Goebelit Democratic conventions generally remembered the Chicago platform and 16 to 1 but tried very hard to forget those more recent and more pregnant figures of Taylor, 193,714; Goebel, 191,331.

JON W. YERKES is the best man the Republicans could possibly nominate for Governor. He is a gentleman and a scholar and will prove a world beater in the race this fall. We have always been for Yerkes and we all will, by unanimous action of the State Convention of Louisville in the State, have the chance to vote for him.

THE Goebelit Democratic convention of today at Louisville to select delegates to the national convention at Kansas City will meet in "Music Hall" and remind itself of the power of force and fraud and hug to its complicit bosom the laurels won thereby—whether those who attend are all original Goebel men or, having sworn never to be accounted in that column, have since been won over by promise of office or preferment.

THE unterrified Goebelit Democracy in convention assembled at Madisonville Saturday—habit of "truth crushed to earth"—declared:

We are opposed to a government of priests and pelf and aristocracy and refinement, all adverse to that character of government which will secure to us the blessings of liberty and afford the greatest good to the greatest number, ever remembering that in a free republic majorities must rule.

Apparently these resolute have forgot that the people remember that there was an election held last November, at which W. S. Taylor received 193,714 votes, and William Goebel 191,331, and that this vote was certified to by a Goebel committee board.

The admission that "majorities must rule" is true, and there are enough liberty-loving, independent Democrats who are above purchase by the Goebel machine, through the promise of office or gain, to make sure beyond the election of John W. Yerkes for Governor—the man who will receive the heartiest endorsement of the allied forces of Civil Liberty.

## POLITICAL POINTS.

Mr. C. E. Sapp has been appointed chairman of the new Republican city and county executive committee for Louisville and Jefferson county.

Small attendance was the rule at the Goebel conventions held in every county in the State Saturday.

A Democrat of the high order known as "independent," who has always been a leader, said since the announcement of Jno.

## DONNELLY SEES DEMOCRACY'S END.

"Bryan in 1888 was nearer the presidency than he ever will be again. The old ramshackle, rotten Democracy is now fast on its way to the political bone-yard, and it will have no help from the Populists this year." (Great cheer.)—Ignatius Donnelly, Cincinnati Populist Convention, May 10, 1900.—New York Tribune.

W. Yerkes for governor, on the Republican ticket, "The Goebelites will have to shuffle their cards mighty carefully if they beat him."

The Republican minor state officers will hold on to the end and await the final determination of the courts.

It is rumored that five indictments were found by the Federal grand jury at Owensboro last week for intimidation of negro voters in Christian county.

While Gov. Beckham is parading fugitives he should be cautioned not to inadvertently insert Taylor's name in any of the documents.—Hopkinsville New Era.

Gen. Collier, who was spoken of as a probable candidate for governor will not run but will support Mr. Yerkes.

The Hopkinsville City Council declines to recognize Gov. Beckman's appointment of the Rev. George F. Campbell as Police Commissioner of that city and will elect a man to fill the vacancy.

A fire eater from Kentucky, in search of H. D. Allen, from this state, who is of course an ardent Democrat, through a mistake of the doorkeeper of the House was ushered into the presence of Amos L. Allen, of Maine, Mr. Reed's successor, and a zealous Republican. The visitor went simply to pay his respects, and after an agreeable conversation lasting a few moments, took his leave.

"I tell you sah," he said later to one of his cronies, "our Allen is a fine fellow. He ain't got any airs 'bout him whatsoever, but by George, if he don't talk just like a blasted Yank. Ain't got any of the Bluegrass lingo."

His friend explained to him that it was without doubt the Maine Allen whom he had interviewed, and the Kentuckian verified this suggestion later on.

"But all I've got to say," he announced later in telling the story, "is that them Republicans ain't as black as they're painted."

The presiding officer of the Republican National Convention at Philadelphia will use a gavel composed of wood gathered from historic places in every State and Territory in the Union. Surveyor of the Port C. M. Barnett has been asked to contribute a piece for Kentucky and will send a piece of dogwood from the farm near Hodgenville, where President Abraham Lincoln was born.

Gov. Simon Bolivar Buckner has gone to New York, and will sail soon for a trip abroad, to extend to the middle of October.

SENATOR LINDSAY says that any Republican candidate of high character, who should be dissociated from the late violent troubles in Kentucky, would be elected Governor next November.

## There is Other.

James B. Indiana of Hancock County, Ky., celebrated his 100th birthday five years ago, and last Monday he celebrated his 103rd, being at the time in good health, active and of clear mind. The wonder is how anybody can manage to live so long in Kentucky.—Minneapolis Tribune.

A young man seems to be willing to make almost any sacrifice for the girl he loves except to go home early and save her from a scolding next morning.

FATAL mistakes are made by those who do not heed the earlier symptoms of kidney disease. Soreness in the kidney yields B. B. (Blood) Balm, thoroughly tested for 3 years. Have you examined patches in the mouth? Sore Bone Pains? Itching Skin? Swollen Glands? Stiff Spots? Copper Colored Spots? Chancres? Tumors? Ulcers? Headaches? Ulcers? Hair falling out? Is the skin a mass of boils pimpled and ulcerous? Then this Balm, B. B. is specific with immediate change, the whole body attains a clean, perfect condition, free from eruptions, and skin smooth with the touch. It is a great blessing to the body to drain the poison out of the system so the symptoms cannot return. At the same time B. B. builds up the body, tones down the system and improves the digestion. So sufferers may test B. B. a trial bottle will be given away free of charge.

If you want a man's ill will loan him money whenever he asks it and him whenever you need it.

## A Fatal Explosion.

The Henderson Gleaner says: At Addison, a station on the L. St. L. and H. railway, two miles distant from Cloverport, Friday morning about 10 o'clock, the steam boilers, two or three in number let go and made kindling wood of a great part of the mill. The destroyed property consisted of a distillery and sawmill combined, operated and owned by Andrew C. Klein. One young man, Tom Parley, a brother of a brakeman in the employ of the L. St. L. and H. railway, was killed.

## Successful Small Fruit Grower.

Rev. J. F. Story, Hopkins county's successful grower of fine strawberries, has had a very satisfactory season now just closed. The crop this year was very fine and Mr. Story put on the market very choice fruit. The crop was not so large but brought better prices than that of last year. Mr. Story sold \$58 worth of strawberries this year. His market at home, Madisonville and Earlinton, was good, and he had contracts with two leading grocers at Henderson. He plans to increase his acreage next year. He expects also to grow raspberries in the future and will find a good market for this delightful small fruit, of which there is always a scarcity hereabouts.

## IT STAGGERED ALL LONDON.

The Cutting of Gen. Roberts' Line of Communication Involved Some Serious Loss.

## AN ENTIRE BATTALION WAS WIPE OUT.

All of the Fourth Battalion of the Derbyshire Regiment Either Killed, Wounded or Prisoners Taken. Situation Far More Serious than was Imagined.

London, June 12.—Lieut.-Gen. Sir Frederick Forester-Walker, in command of the lines of communication, said to the African reporter that in the disaster to the British troops, June 7, at Roodval, where the Boers cut Lord Roberts' line of communications, the fourth battalion of the Derbyshire regiment was all killed, wounded or made prisoners, except six valiant men. Two officers and 72 men were wounded, many of them severely.

## Boers Returned the Wounded.

The Boers returned the wounded to the British. The officers killed were Col. Baird-Douglas and Lieut. Hawley.

The wounded include Col. Wilkinson and Lieut. Blanchard, of the Canadian infantry.

Gen. Forester-Walker's Dispatch.

"Cape Town, June 10 (Sunday).—The following telegram has been received from Charles Knox:

Bailey, Lieutenants Hall, St. John, and 59 of the rank and file. The rank and file of the Shorncliffe infantry, one Cape Ponson railway company, seven ammunition park Royal marines and Imperial telegraphs, one each post office corps, one

seriously wounded, and the remaining of the Fourth Derbyshire and details of prisoners, except six of the rank and file, are in his camp. All the wounded are in his camp, lately occupied by the Fourth Derbyshire. Inquiries are being made as to the names."

## IT STAGGERED LONDON.

The News Came Like a Bolt From a Clear Sky.

London, June 12.—The news that the slitting off of Lord Roberts' communication with the outer world was accompanied by such a serious loss came like a bolt from a clear sky in London, until the name alone, it was thought, that the destruction of the railroad was accomplished by Free States, who were avoiding rather than annihilating the movements stationed at the point attacked.

What has happened to the troops immediately north of Roodval is still a matter of conjecture.

In all, the dispatches reveal that the situation is far more serious than any one imagined.

## FIFTY-SIXTH CONGRESS.

In the senate, on the 9th, the session extending far into the night, was occupied in an effort to reach agreement on the naval appropriation bill. The hour fixed for final adjournment was 12 o'clock, but the result was scenes of indescribable confusion and bitterness marked during the session, and the senate finally adjourned without having agreed on the naval appropriation bill to carry out their instructions. The house, however, took an unprecedented course of appointing new committees to review the work of the naval committee. The debate, at times, was very bitter.

In the session on the 10th, the session was devoted chiefly to recessional and to the house on the naval appropriation bill, which had been passed by other committees. Upon receipt of word that the house had concurred in the Senate's resolution providing for final adjournment, the committee on naval affairs adjourned. In the house, the action of the previous day in rejecting the naval appropriation bill was reversed, and the house, by a large majority, voted to accept the Senate's bill. As the closing hour approached a few bills were introduced, among them being soon joined by the whole house and made to pass, namely, speed and the members responded by singing "For 15 Years." This was the first session of the fifty-sixth con-

gress, and the session was no more.

## THE SUNDAY SCHOOL

LESSON XII, SECOND QUARTER, INTERNATIONAL SERIES, JUNE 17.

**Text of the Lesson.** John vi. 5-8.  
Memory Verses, 9-12—Golden Text,  
Math. vi. 13—Commentary Prepared  
by the Rev. D. M. Stearns.

Copyright, 1895, by the Bee.

5. "When Jesus had lifted up His eyes and saw a great company come unto him, He saith unto Philip, Whence shall we buy bread that these may eat?" This was across the sea, where Jesus went up to the mountain to teach. Philip said, "We have here but five loaves and two fishes." John 6: 5-9. They sought and found some rest (Mark vi. 31, 32). But the people followed on foot, around the lake, and Jesus received them and spake unto them of their need of God; and he said, "I am the bread of life." And when Jesus said this, he had need of a miracle (John 6: 13). Toward evening the disciples asked Jesus to send the people away into the towns and country roundabout to lodge and get victuals, for it was a desert place, but Jesus said, "Give ye them to eat." John 6: 13-15. Then Jesus asked Philip if there was a way to get bread. This question of first verse of our lesson.

6. "And this He said to prove him, for He knew himself what He would do." He always knew just what He will do and how to do it. It is the same now, where for "whomsoever God is all his works, from the beginning of the world" (Acts xv. 18). When He allows us to come to a place where it looks as if certain things must needs be done, we are positive we of doing them. He is proving as to us. He did tell Philip, to see whether we will in our helplessness cast ourselves upon Him or attempt to work it out in our own way or wisdom or strength. Those who will not rely upon Him He always proves to be wrong, but when there is a heart whole toward Him He will show Himself strong on behalf of that one.

7. "Behold, a man cometh after me, bearing the bread of life from heaven right now before your eyes. Why did you not say, 'Lord, give us this bread for 40 years with manna!' Then didn't give them water from the rock and divide the Jordan, and dry up the Jordan? From these alone can bread come for these thousands?"

8. "There is a lad here which hath a basket of bread. Let me call him. But what are they among so many?" This was Andrew's view of the case. Philip saw a greater difficulty than Andrew overcame, and despised the small material world he was at hand (Zech. iv. 7, 10), and another considered Andrew's God, having an answer. In those we may see the world as a glass, for we rѣ often consider the much or little we have to do with and the like. And Jesus said, Make the men sit down. As the men sat down upon the grass, Jesus took bread and gave it to the twelve apostles and the hundred and fifty (Mark vi. 39, 40). Men had been tried and found wanting, and now seen God working! And first there must be stillness, silence, quiet, and then we can know that I am God." "I am the Lord, and there is none else; there is no God beside Me." (Isa. 45:18; John 5:46; Phil. 3:20.) One of the beautiful things in the Bible is that God is seen working, and there is his truth. "Jesus answered, 'I am the Son of man, and all com' to pass just as He says."

11. "Then said Jesus to the twelve whom he had chosen to make him distributed to the disciples, and the disciples to them that were set down, and likewise of the fish as much as they wanted." Mark vi. 41. And Jesus took up twelve and blessed and broke the loaves. This is also written in Matthew and Luke, for this miracle is recorded in each of the four gospels, and it is the commonest found in all, teaching us that God works in many ways. "I will give the hungry the bread of life, not considering mountains of difficulty, nor despising the foolish who work with their hands to help us to His glory."

12. "When they were filled, He said unto His disciples, 'Gather up the fragments, that nothing be lost.' Phillip's 200 pence might have given everyone a little, but the Lord's way is to fill everybody. "He that believeth in the temple will be filled with His glory" (Ex. xl. 34, 35; 1 Kings viii. 10, 11). The whole earth will be filled with His glory" (Ex. xl. 9; Numbers xxii. 21; 1 Kings viii. 11).

13. Believers should be filled with the Spirit, filled with the fruits of righteousness, which are by Jesus Christ, and the glorified ones of God (Phil. i. 11; 1 Cor. vi. 11; Phil. i. 11); filled with all the fullness of God (Eph. iii. 19); Christ dwelling in us. That is the fragrance of grace which may be lost. Yet seemeth that He who would have none of this food lost will perhaps suffer some of His discipline.

14. "Filled twelve baskets with the fragments of the five barley loaves." That would be a basket for each of the twelve apostles, and the fragments sent the multitude away that they might provide for themselves. That is the common way. God rid them of all fear of all thoughts of responsibility concerning them if you possibly can. But He to whom you must give it, "give ye them to eat!" In this connection let us remember Prov. xxiv. 11, 12. He does not ask us to provide so as to plan anything in this great work, for the work of God is to end. He asks us to receive from His hand and pass on that which He gives us.

## CHRISTIAN ENDEAVOR.

Topic for the Week Beginning June 17—Comment by Rev. S. M. Doyle.

TITLE—Abiding in Christ. John xv. 1-12.

In all probability it was while walking up the Mount of Olives to the garden of Gethsemane that Jesus made this discourse on the vine and the branches. The vineyards on the slope of Olivet would naturally suggest the beautiful figure that he uses to illustrate his lesson. The vine, we learn, is Christ is the vine, the Father the husbandman, Christian people the branches and Christian life and works the fruit to be gathered. And in the words of the Master, between Christ and the Disciples we must abide in Him and He in us, as the branch abides in the vine.

Union with Christ is a real union. The branch actually abides in the vine, it is not a virtual union. It is the union between Christ and His Disciple, which is no less real. We abide in Him, and He abides in us. We abide in Him by faith. He abides in us by His Holy Spirit, but the union is not of the body. We usually abide in Him and receive life from Him, as the branch abides in the vine and receives its life from it. "It is no longer I that live, but Christ liveth in me." says the great apostle, "Christ liveth in me." This is the secret between Christ and His Disciple, and it is no more important than the physical relation, but a real, vital union.

Union with Christ is a necessity. It is necessary for us to bear fruit, the object of our being in Christ. "Abide in Me as I abide in you." As a branch can not bear fruit of itself except it abide in the vine, no more can we except we abide in Me." The life and fruitfulness of the branch depend upon its union with the vine. So it is with the Christian. Apart from Christ we can do nothing. "He that is without Christ apart from Christ can do nothing."
